TECTONOPHYSICS—Volume 236—Nos. 1–4

*Special Issue*

# CRUSTAL AND UPPER MANTLE STRUCTURE OF THE KENYA RIFT

Proceedings of a Kenya Rift International Seismic Project (KRISP) workshop held at Leinsweiler near Karlsruhe in Germany from August 4–12, 1991, organized under the auspices of the International Lithosphere Program

Edited by:

**CLAUS PRODEHL**

*Institute of Geophysics, University of Karlsruhe, Hertzstrasse 16, Karlsruhe, D-76187, Germany*

**G. RANDY KELLER**

*Department of Geological Sciences, University of Texas at El Paso, El Paso, Texas, USA*

and

**M. AFTAB KHAN**

*Department of Geology, University of Leicester, Leicester, UK*

Publication No. 206 of the
International Lithosphere Program

## CONTENTS

Preface . . . . . vii
Foreword
K. Fuchs . . . . . xi

*Introduction*
Rifting of the continents: a key-project of the international lithosphere program
K. Fuchs, I.O. Nyambok and G.A. Thompson . . . . . 1
Stratigraphic and structural constraints on mechanisms of active rifting in the Gregory Rift, Kenya
M. Smith . . . . . 3
Geophysical experiments and models of the Kenya Rift before 1989
C.J. Swain, P.K.H. Maguire and M.A. Khan . . . . . 23

*KRISP Fieldwork*
The KRISP 90 seismic experiment—a technical review
C. Prodehl, J. Mechie, U. Achauer, G.R. Keller, M.A. Khan, W.D. Mooney, S.J. Gaciri and J.D. Obel . . . . . 33
Optimization of wide-angle seismic signal-to-noise ratios and P-wave transmission in Kenya
A.W.B. Jacob, R. Vees, L.W. Braile and E. Criley . . . . . 61

*Tectonics and geology of the uppermost crust*

Interaction of deep and shallow processes in the evolution of the Kenya rift
C.K. Morley . . . . . 81

Structural and stratigraphic evolution of the Anza rift, Kenya
W. Bosworth and C.K. Morley . . . . . 93

The geothermal fields of the Kenya rift
D. Riaroh and W. Okoth . . . . . 117

Heat flow in the Kenya rift zone
J. Wheildon, P. Morgan, K.H. Williamson, T.R. Evans and C.A. Swanberg . . . . . 131

An earthquake study in the Lake Baringo basin of the central Kenya Rift
J. Tongue, P. Maguire and P. Burton . . . . . 151

*Crust and upper mantle studies*

Deep seismic sounding in the Turkana depression, northern Kenya Rift
D. Gajewski, A. Schulte, D. Riaroh and H. Thybo . . . . . 165

Crustal structure beneath the Kenya Rift from axial profile data
J. Mechie, G.R. Keller, C. Prodehl, S. Gaciri, L.W. Braile, W.D. Mooney, D. Gajewski and K.-J. Sandmeier . . . . . 179

Seismic structure of the uppermost mantle beneath the Kenya rift
G.R. Keller, J. Mechie, L.W. Braile, W.D. Mooney and C. Prodehl . . . . . 201

A crustal and uppermost mantle cross-sectional model of the Kenya Rift derived from seismic and gravity data
P.K.H. Maguire, C.J. Swain, R. Masotti and M.A. Khan . . . . . 217

Modeling the 2-D seismic velocity structure across the Kenya rift
L.W. Braile, B. Wang, C.R. Daudt, G.R. Keller and J.P. Patel . . . . . 251

Crustal structure on the northeastern flank of the Kenya rift
C. Prodehl, A.W.B. Jacob, H. Thybo, E. Dindi and R. Stangl . . . . . 271

Crustal tomography of the central Kenya Rift
J.R.R. Ritter and U. Achauer . . . . . 291

New ideas on the Kenya rift based on the inversion of the combined dataset of the 1985 and 1989/90 seismic tomography experiments
U. Achauer and the KRISP Teleseismic Working Group . . . . . 305

Attenuation and velocity of P-waves in the mantle beneath the East African Rift, Kenya
P.D. Slack, P.M. Davis and Kenya Rift International Seismic Project (KRISP) Teleseismic Working Group . . . . . 331

*Other studies*

Crustal structure of the Anza graben from gravity and magnetic investigations
E.W. Dindi . . . . . 359

Petrological evidence regarding the evolution of the Kenya Rift Valley
R. Macdonald . . . . . 373

Composition of the crust beneath the Kenya rift
W.D. Mooney and N.I. Christensen . . . . . 391

*A new model of the Kenya Rift based on KRISP90*

Cenozoic extension in northern Kenya: a quantitative model of rift basin development in the Turkana region
D.B. Hendrie, N.J. Kusznir, C.K. Morley and C.J. Ebinger . . . . . 409

Finite-element modelling of the structure and evolution of the South Kenya Rift, East Africa
M. Gölke and J. Mechie . . . . . 439

The relationship between seismic velocity, mineral composition and temperature and pressure in the upper mantle—with an application to the Kenya Rift and its eastern flank
J. Mechie, K. Fuchs and R. Altherr . . . . . 453

The East African rift system in the light of KRISP 90
G.R. Keller, C. Prodehl, J. Mechie, K. Fuchs, M.A. Khan, P.K.H. Maguire, W.D. Mooney, U. Achauer, P.M. Davis, R.P. Meyer, L.W. Braile, I.O. Nyambok and G.A. Thompson . . . . . 465
